### **Children of the Mind (Audiobook) by Orson Scott Card**

Children of the Mind flows from the rest of the Ender saga. Aside from the issues that carry over from the previous book, there's less focus on all the philosophy in the universe and more story. It's mostly about Jane and her bid for survival along side all the peoples and aliens on the world of Lusitania.

Ender's Game and Speaker for the Dead are two of the best science fiction books I have read, and I can say that Children of the Mind is written with the same excellence of the first two books. Although Xenocide was a weak link in the series, it was necessary for the storyline of Children of the Mind.
