1. Introduction Public administration in the 21st century is undergoing dramatic change, especially in advanced economies, but also in many parts of the developing world.

### **From Old Public Administration to the New Public Service**

In response to the early criticisms of the trait approach, theorists began to research leadership as a set of behaviors, evaluating the behavior of successful leaders, determining a behavior taxonomy, and identifying broad leadership styles. David McClelland, for example, posited that leadership takes a strong personality with a well-developed positive ego.
