

handbook of symbolic interactionism pdf

Symbolic interactionism is a sociological theory that develops from practical considerations and alludes to people's particular utilization of dialect to make images, normal implications, for deduction and correspondence with others. In other words, it is a frame of reference to better understand how individuals interact with one another to create symbolic worlds, and in return, how these ...

Symbolic interactionism - Wikipedia

Contemporary symbolic interactionism originated out of ideas of George Herbert Mead and Max Weber. In this framework meanings are constructed during social interaction, and constructed meanings influence the process of social interaction.
